

The Living Room

CRISIS DIVERSION SERVICES

The Living Room Services

The Living Room provides crisis diversion services to adults experiencing a mental health crisis.

The Living Room is a safe, comfortable place for guests facing mental health crises to seek help as an alternative to the Emergency Department.

The Living Room is run by a Mental Health Clinician, a Care Manager, and a Peer Specialist.

A Day at The Living Room

At The Living Room, guests will meet with a Mental Health Clinician, who will complete assessments and provide supported therapy.

Guests will also meet with a Care Manager to arrange services with mental health and substance abuse treatment, physical health providers, care management services, housing supports, and community resources.

A Peer Specialist will partner with guests to develop coping skills, decrease stress, and overcome barriers to achieve goals.
